

Singapore Workshop on Antennas

02 – 03 November 2026, Singapore

www.swasg.org

CALL FOR PARTICIPANTS

Dear Participants,

It is our pleasure to invite you to the 2026 Singapore Workshop on Antennas (SWA 2026), which will be held from 02–03 November 2026 at the Shangri-La Rasa Sentosa Singapore.

SWA 2026 will bring together leading experts, emerging researchers, and industry innovators to explore the latest advances in antenna science and technology. The two-day program will feature keynote speeches, distinguished lectures, and invited talks delivered by world-renowned scholars and rising talents. This dynamic program will provide a rich blend of perspectives from both academia and industry.

Designed as a high-quality forum, the workshop will foster in-depth technical exchange, networking opportunities, and cross-disciplinary collaboration. Whether you are a seasoned researcher, a young professional, or a graduate student, SWA 2026 provides a unique platform to engage with cutting-edge ideas, share your work, and connect with the global antenna community.

For more information, please visit the workshop website at <https://www.swasg.org> or contact me at zhaozy@nus.edu.sg for more information.

We look forward to welcoming you to Singapore for an inspiring, productive, and memorable event!

Sincerely

Zhenyu Zhao

Publicity Chair, SWA 2026
